**Bailey Opens New Realty Office**

A. A. Bailey, who recently closed his grocery store and market in order that he might devote his life time to his growing real estate business, opened a new office opposite the Bank of Pahoehoe Wednesday morning.

Mr. Bailey's first customer on Wednesday morning was a tourist. The realtor said yesterday that during the months he has been interested in the real estate business has a tourist called on him. Anyway, one came by Wednesday and wanted a furnished house. A furnished house was not available and the tourist went on his way.

The singing and dancing is said to present the last word in entertainment every role being filled by the artist top in his particular field. "The Great Ziegfeld" was adapted from an original screen play by William Anthony McGovern. The production was produced by Hunt Stromberg and was directed by Robert Z. Leonard.

## Communication

Tallahassee, Florida, January 18, 1937.

Dr. B. F. Hughes, President Junior Chamber of Commerce, Pahokee, Florida.

Dear Dr. Hughes: We of Tallahassee desire to thank you and the membership of your Junior Chamber of Commerce for the splendid contribution you made to the success of the inaugural ceremonies at the inauguration of Governor Fred P. C. by bringing that splendid group of Florida's Original Citizens for a part in the ceremonies. This group of Seminoles added much to the impressiveness and colorfulness of the occasion.

I hope their presence here will be of some aid to your commendable efforts to have these people better cared for by state or federal government or the joint efforts of both.

I am sure you have a fine membership in your Junior Chamber of Commerce to so successfully carry out your plans in bringing these people here. I congratulate you.

May we look forward now to four years of progress and happiness in a united Florida.

Very truly yours, FRED N. LOWERY, President.

## YOU CAN BUY

The Hotel Okeechobee  
For Only \$2900.

THIS PRICE INCLUDES THE LAND, BUILDING, AND FURNITURE WITH ALL TAXES PAID TO AND INCLUDING 1935.

## DESCRIPTION

This large well-known property is worth your while to investigate, for the price is hardly more than the cost of building a small home. This investment however will not only provide a home for you, but a means of income as well, and a possible future increase in value. This is a two story frame stucco 10-unit apartment building, each unit containing a living room, bathroom, kitchen and dinette combination, bedroom and sunporch. It is wired for individual electric service and each unit has a separate hot water tank and heater. As the property is now being used, however, the bedroom in each apartment is cut off and used as a hotel room so that the property can be used either as a 10-unit apartment building, or as a hotel, or both.

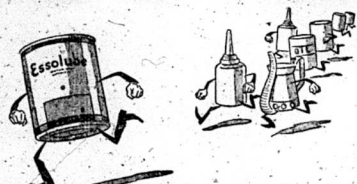

Considering the increasing number of visitors coming down the East Coast of Florida at the present time, and the general effect of this movement on real estate values, we are confident that a local purchaser will find this a desirable property to own and a profitable investment to make.

## TERMS

The total price of \$2900 includes all taxes paid in full prior to 1936. Only \$600 cash is required as a down payment. The unpaid balance of \$2300 can be deferred at the rate of \$30 per month. This is the gross monthly payment, as interest on the unpaid balance at 6% is deducted from the payment of \$30 per month, and not added to it. The legal description of the property is lots 5 and 6 of block 181 of the original townsite of Okeechobee.
